WELCOME to Lopez Island

Welcome to Lopez Island, 29 square miles of rolling farmlands, serene woodlands and picturesque open spaces with shimmering vistas. There's a genuine spirit of community here and a special feeling for life that pervades the population of 2,350. Residents acknowledge their good fortune in being able to call Lopez home and appreciate that visitors want to experience this bit of heaven on earth. As you prepare for your trip to Lopez please keep in mind that this is an ecologically fragile island. Our county is officially a "Leave No Trace" area as part of our effort to protect the qualities and characteristics of the islands that draw visitors here.

Lopez attracts travelers looking to disconnect from the distraction of urban living, leave the more common creature comforts at home, and enjoy the simplicity of island life. There are public beach areas that allow for long walks along the shoreline and wooded trails in the State and County parks, as well as several nature preserves. You can sit with a pair of binoculars and observe abundant and ever-present wildlife. Look back in history with a visit to our Historical Museum or the restored Port Stanley Schoolhouse. A good book can come in handy - we have no movie theatre and fairly spotty internet access! Visit our award-winning Library for a wide selection of choices.

Lopez exhibits two basic personalities. 1) Summertime Bustle - all the shops and restaurants are open, farm stands are overflowing with delectables, sweet smells are wafting from the bakery, with long hours of summer daylight extending your opportunities to enjoy the beauty. The weather averages 72 and is perfect for outdoor activities such as fishing, boating,

kayaking, golf, tennis, hiking and beach combing. 2) Wintertime Reflection - a quieter time with a few less dining options, reduced shop hours, fewer people out and about. The weather is wet with highs in the 40s-50s. Average yearly rainfall is between 19-25 inches - about half of that in the neighboring Seattle area. We see an occasional snow shower in the winter, but it never lasts long. Spring and Fall can be warm, cold, wet or dry...or just about anything in between! It's best to layer clothing and always have a lightweight jacket or sweatshirt handy. Year-round dress is casual.

Kayaks on Fisherman Bay Delores Foss

"Jewell" Stephanie Fowler

Lopez Village is the commercial hub of the Island, located about 4 miles from the ferry landing nestled along Fisherman Bay. It is home to a variety of shops, galleries, bakery, coffee shops and restaurants as well as a fully stocked grocery store, pharmacy, organic grocery, fitness centers and other services. You will also find the Post Office, Medical Clinic, Bank, Historical Museum, Thrift Shop, Community Center and Visitor Center office all within walking distance. Lopez Village Park has public restrooms, showers and picnic tables to sit and enjoy the view or people watch. Don't miss the Saturday Farmer's Market during the summer months, featuring local artists, craftspeople and farmers. While visiting the south end of the Island, stop by the Southend Market and Café for wine, beer, groceries, gifts and gas.

Accommodations on the island consist of a resort, boutique hotel, B&B, inn, cottages and vacation home rentals. We also have a State and a County campground, both located on waterfront property, as well as a private inland campground. If you are visiting in the summer season make your room, restaurant and campsite reservations well in advance!

Ways to get to Lopez are as varied as the wildlife. Washington State Ferries run from Anacortes (reservations highly recommended), as does a water taxi service, and daily flights depart from Sea-Tac Airport and Lake Union in downtown Seattle. Boaters will find protected moorage at two marinas in Fisherman Bay, within 1/2 mile walking distance from Lopez Village. There are also public mooring buoys at Spencer Spit State Park and Odlin County Park. There is a small taxi service available on the island - reservations highly recommended. Otherwise, to truly enjoy our island, you will need a car or a bike. *There are no car/moped rentals or taxi services currently available.*

The Chamber of Commerce hosts two popular annual events in the off season. Tour de Lopez is a non-competitive bicycle tour through the scenic landscape of the Island the last full weekend in April. Details of the event are available on the Chamber website. It is a wonderful opportunity for families and friends to experience the magic and beauty of Lopez Island in the quiet season. Our Winter Village Gathering is held at dusk the Friday after Thanksgiving. The Village is transformed into a wonderland of holiday lights and decorations. Locals and visitors alike gather to sing carols, sip hot chocolate and nibble on cookies to the spirit of the season.

Misty Morning Heather Gladstone

We welcome you to Lopez and hope that you have a wonderful and relaxing visit. This is a very special place and all that Lopezians ask is for visitors to respect and protect it. Please conserve water, recycle, leash your dogs, and respect private property and "No Trespassing" signs. Leave the environment as, or better, than you found it so it can be enjoyed and appreciated for years to come. Thank you!

The Chamber of Commerce Welcomes You to Lopez
